### WITNESSETH:

WHEREAS, The parties to this AGREEMENT wish to enter into a Material Transfer Agreement (MTA) with respect to the Company’s AWG Device, as more fully elaborated on in the MTA (the “PROJECT” or “Purpose”);

WHEREAS, in the course and solely for purposes of the PROJECT, the Parties intend to voluntarily disclose to each other confidential and proprietary information, including without limitations, R&D, plans and objectives, any scientific or technical data information, samples, design, process, procedure, formulae; and (b) any trade secrets, know-how, business methods or other proprietary information, or which is otherwise treated as confidential information by the Company (but excluding any of the PROJECT Work products and/or results unless instructed otherwise by the Company);

AND WHEREAS, such information disclosed in the performance of the MTA by the Company may include confidential business information (19 CFR 201.6) (“CBI” or “Confidential Information”) that should be treated accordingly by the party receiving the information, i.e.EPA.

NOW THEREFORE, in consideration of the mutual promises, covenants and conditions herein contained, the PARTIES agree as follows:

(1) Disclosures. WATER GEN will clearly and plainly mark as “CBI” or “CONFIDENTIAL” any written information it submits to EPA as part of this PROJECT and that it wishes to be treated as CBI in accordance with the terms of this AGREEMENT. If WATER GEN orally claims information as CBI, WATER GEN will notify EPA in writing, within 30 days after the disclosure, if it wants such information treated in accordance with this AGREEMENT.

(2) Use of CBI. EPA agrees that, to the extent permitted by law:

- (a) it shall use the Confidential Information of the Company solely for the PROJECT (as per the SWO specifications);
- (b) it shall disclose the Company's Confidential Information only to those of its directors, officers, employees, subcontractors, affiliates and/or consultants (individually and collectively "Representatives") who have a specific and reasonable need to know it solely for the Purpose, and who have agreed to be bound by a contractual obligation of confidentiality towards Recipient and/or Water Gen (as applicable) that is similar and not less in all material respects to the confidentiality and non-compete obligations under this Agreement;

- (d) it shall not produce, sell, offer for sale or otherwise exploit or make any use whatsoever of Confidential Information (except for the Purpose of this Agreement) without the Company's prior written consent; (e) it shall not open any deliverable device provided to it and leave in place and will not remove, hide, or obscure any copyright, patent, trademark, proprietary and confidential marking and/or stickers of the Company;
- (e) it shall not make any attempts to reproduce, perform reverse engineering, recompilation, disassembly, use of x-ray and/or any other mean of imaging, photographing or any other unauthorized use of the Company's Confidential Information;
- (f) will deliver such Confidential Information and all copies thereof to the Company promptly upon the expiration or termination of this Agreement or at any other time upon the Company's written request (or, at the Company's option, will certify through an officer, that the Confidential Information and all copies thereof have been destroyed); and
- (g) it shall be responsible and liable for any acts (or inaction) of any of its Representatives that are in violation of this Agreement.

(3) Public Disclosure. EPA agrees not to publicly disclose Company's CBI unless such disclosure is required by law, including the Freedom of Information Act and EPA's regulations at 40 C.F.R. Part 2, Subpart B.

danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this agreement and are controlling.

(5) Information that is Not Considered to be CBI under Applicable Law. EPA's obligations under this AGREEMENT do not extend to any information that:

- a. can be reasonably demonstrated to have been in the public domain or publicly known and readily available to the trade or the public prior to the date of any possible disclosure;
- b. can be reasonably demonstrated to have been in EPA's possession or readily available to EPA from another source prior to disclosure by the Company;

(6) Binding Effect. This AGREEMENT shall be binding on the PARTIES and upon their respective executors, administrators, legal representatives, successors and assigns. No amendment hereto shall have any binding effect unless in writing signed by the PARTIES.

(7) Governing Law. The construction, interpretation, validity, performance and effect of this AGREEMENT for all purposes shall be governed by the laws applicable to the U.S. Government.
